Parents/Guardians Rules

If your child's name has been drawn from the many registrations, you will be contacted by telephone by the Wednesday prior to the Race.

Because the sponsor of each of the 10 cars require the Friends of Ferrari to provide a driver that is capable of driving their car and appear in photos and because we want the children to have a fun day we ask the following:

On the Saturday, prior to the race, between 10:00 a.m. and Noon, bring your child to the address provided to you, so that the organizers can determine that the child can fit into the car and suit. The child must demonstrate that he/she is able to drive the car. If you fail to show up as required your child will not be in the race on the Sunday or Any future races.

Bring your child to the race area 1 hour prior to the race on the Sunday to dress in the uniform (over his/her street clothes) which the Friends of Ferrari will provide for the duration of the race. The uniform must be returned immediately following the race event. Photos shall be taken of the child in uniform by our photographers.

One parent or guardian must stay next to race area the entire event. **DO NOT LEAVE YOUR CHILD ALONE AT ANY TIME DURING THE EVENT.**

Parents/Guardians are not allowed inside the race area.

If your child becomes ill or indisposed at any time after you have been contacted or at the time you are contacted by the Friends of Ferrari you must advise the Friends of Ferrari immediately, in order for another child to have the opportunity to drive. Failure to advise the Friends of Ferrari immediately will result in your child not driving in the current race or in any future race. Contagious illness must be reported immediately, measles, mumps, etc. in order that others are not infected. Your child will have an opportunity to drive in future races if you adhere to this policy.
